Gentleman:

Enclosed are the monthly discharge reports for the Deer Creek, Des-Bee-Dove, Trail Mountain, and Wilberg mines and the Hunter Coal Preparation and Blending Facility for the month of April, 2001.

There were no reported exceedances to permit limitation values this month. Mine discharges in Trail Mountain Mine (UT-0023728-002) and Cottonwood/Wilberg Mine (UT-0022896-001) have been eliminated and portals sealed. PacifiCorp is currently working with the Division to discharge intercepted groundwater from the Cottonwood/Wilberg Mine into Cottonwood Creek Canyon. As to this date, the Division is reviewing the Statement of Basis and should send out to public comment in the near future.

If you have any questions concerning this report, please feel free to call Dennis Oakley at 687-4825 or Chuck Semborski at 687-4720.

Sincerely,

Carl Pollastro  
Technical Services Manager
